JOB VACANCY: ELECTRICAL ENGINEER TRAINEE

Our client, a reputable company in the Manufacturing Industry, is seeking to recruit a motivated and ambitious **Electrical Engineer Trainee** to join their team. This opportunity is ideal for a fresh graduate or an individual with minimal experience who is eager to learn and build a career in the manufacturing sector.

The candidate will be guided and trained in designing, developing, testing, and maintaining electrical systems and equipment while ensuring compliance with safety standards and industry regulations.

KEY RESPONSIBILITIES:

- Support in ensuring machines operate safely, efficiently, and in optimal condition
- Assist in maintaining clean and well-organized electrical panels
- Participate in troubleshooting and repair of breakdowns to minimize production downtime
- Record and track machine breakdowns for learning and analysis
- Gain hands-on exposure to PLCs, Servo Drives, and industrial automation technologies
- Learn to read and interpret electrical schematics for troubleshooting support
- Carry out preventive maintenance tasks under supervision
- Monitor and report on spare parts usage and availability
- Support in preventive maintenance planning and coordination
- Assist in resolving electrical control and communication issues in the production environment

MINIMUM REQUIREMENTS:

- Degree or Diploma in Electrical Engineering or a related field (recent graduate preferred)
- Basic knowledge of electrical systems, codes, and safety procedures
- Strong willingness to learn and adapt in a fast-paced environment
- Good communication and teamwork skills
- Proficiency in both oral and written English
- Recommendation letter from university/college or previous attachment is an added advantage

HOW TO APPLY

Interested and qualified candidates should send their scanned CV and certificates combined into a single PDF document to us through: recruit@consolidatedhrsolutions.co.ke

Indicating the subject as: ELECTRICAL ENGINEER TRAINEE
