

A background image showing two industrial workers in a welding shop. One worker, a woman in a blue uniform and yellow hard hat, is looking at a tablet. The other worker, a man in an orange uniform and yellow hard hat, is welding a metal piece, creating a large spray of sparks. A robotic arm is visible on the left side of the frame.

WE ARE HIRING

Fabrication Quality Controllers

- Degree /Diploma in Mechanical Engineering, Fabrication, Welding Technology or related field.
- Certification in welding inspection (CSWIP, AWS-CWI, NDT Level II) is an advantage.
- Strong understanding of fabrication drawings, procedures and standards.
- Ability to verify dimensions, tolerances, and fabrication processes.
- Issue inspection reports, maintain QC records and update job documentation.
- Familiarity with fabrication and welding standards (ASME, AWS, ISO).
- Knowledge in Occupational Health & Safety is required.
