

# WE ARE HIRING

## 1. Laser Welders 2. Laser cutting Operators

### KEY REQUIREMENTS

- Proven experience operating industrial laser cutting & laser welding equipment.
- Strong understanding of laser-material interaction, cutting/welding parameters & process optimization.
- Able to set up machines, load programs, align fixtures & perform routine adjustments.
- Proficient in reading engineering drawings, CAD/CAM files and GD&T symbols.
- Strict adherence to the laser safety protocols (ANSI Z136 or equivalent)
- Capable of troubleshooting machine/process issues & perform routine maintenance
- Ability to work independently in a high-precision, production-driven environment.

Interested and qualified candidates are invited to apply for the available roles as outlined.
